

GALFER USA WARRANTY

Galfer Brake Lines – Galfer Brake Lines have a limited lifetime warranty. To determine warranty of the line, please contact customer service at customerservice@galferusa.com or call (800) 685-6633.

Galfer Rotors – Galfer Rotors have a 6-month warranty from the date of purchase, not use, as long as Galfer Brake Pads are being used on them. Rotors can be sent in for inspection, at the cost of the customer or shop, if out of warranty. For more information on our rotor warranty, please contact customer service at customerservice@galferusa.com or call (800) 685-6633.

Galfer Brake Pads – Galfer USA doesn't have a set warranty for brake pads because they are considered a wear item. However, if your pads seem to fail or appear to suffer from what you think is a manufacture's defect, please give us a call and we will address each occurrence on a case-by-case basis.

GALFER USA RETURN POLICY

Retail Customer, Dealers & Distributors – Products can only be returned to Galfer if they were purchased directly from Galfer. If purchased elsewhere, product must be returned to the shop they were purchased from for credits or replacements. If product is in need of warranty, contact Galfer directly. Galfer does not accept returns on custom lines where length has been added or removed from our stock lines. We do not accept returns on lines where the line color or fittings are different than Galfer stock lines. For more questions on Galfer's return policy, contact customer service at customerservice@galferusa.com or call (800) 685-6633.
